

# THE PARTY STARTS WHEN YOU PARTY SMART

97%

of MSU students watch out for friends to make sure they stay safe on St. Patrick's Day.

## Know Your Solo!

Different drinks contain different concentrations of alcohol; a "standard drink" contains 1/2 ounce of 100% pure alcohol:

**Medical Amnesty** protects you and your friends from legal trouble. Call 911 if you suspect a friend has alcohol poisoning and stay until help arrives.

## Things to remember...

Of all MSU students who choose to drink:

60% alternated non-alcoholic with alcoholic beverages

72% cut themselves off before they've had too much to drink

89% made arrangements to get home safely

The "real college experience" doesn't have to include alcohol. Nearly one in three MSU students chooses not to drink.
